Note: Torion 738T Sinus lift capacity is tipping load when fully articulated. Scorpion Trend models have single-service joystick operation, mechanical hand throttle and no pick-up hitch. Varipower models have a 40kph transmission, auto return-to-dig, pick-up hitch, multi-function joystick able to control multiple functions at once, electronic steering selection and an electronic throttle in addition to boom suspension and piston pump hydraulics. Varipower Plus transmission for Scorpion 756 and 960 has a fixed-displacement motor in addition to the variable displacement transmission pump. Latest Varipower transmission has twin hydraulic pumps in a single casing with no transfer gears.

KRAMER CONVINCES ACROSS THE RANGE

NEW

 **KRAMER**
on the safe side

Two new Kramer Telehandlers - powerful, stable, efficient.

Both of the new Kramer models, KT144 a compact telehandler with 4.30 metre stacking height and KT3610 an all-rounder with 9.50 metre stacking height, have been designed with maximum sturdiness and versatility as usual from Kramer.

Note: All models have semi-crab steering mode with operator-set rear-wheel angle and steering via the front wheels in addition to full crab, four-wheel and two-wheel steering. Models with four-speed transmissions have two mechanical gears and two hydrostatic ranges. Efficient specification adds selectable independent ground/engine speed control, auto boom suspension, auto reversing engine cooling fan, heated air seat, audio upgrade. Exclusive adds hydraulic implement attachment, boom float and bucket shake, auto third hydraulics function with adjustable flow/timer, pre-wiring for fourth/fifth functions, armrest-mounted joystick, air conditioning, 7in colour display for settings and audio, side window washer/wiper.
