Note All models have semi-crab steering mode with operator-set, rear-wheel angle and steering via the front wheels in addition to full crab, four-wheel and two-wheel steering. Models with four-speed transmissions have two mechanical gears and two hydrostatic ranges. Efficient specification adds selectable independent ground/engine speed control, auto boom suspension, auto reversing engine cooling fan, heated air seat, audio upgrade. Exclusive adds hydraulic implement attachment, boom float and bucket shake, auto third hydraulics function with adjustable flow/timer, pre-wiring for fourth/fifth functions, armrest-mounted joystick, air conditioning, 7in colour display for settings and audio, side window washer/wiper.
